## **FOUR EXTRAORDINARY WORKSHOPS! IDEAS TO TAKE HOME!**

Program Vice President, Sandra Keist Wilson, just announced the final plans for four concurrent workshops to be held Saturday afternoon at the Annual Conference of AAUWIA in Marshalltown April 21. The workshops will be offered only once during the day. Bring four people from your branch so you can take advantage of all the good, relevant information available for branch use by having a representative at each workshop. Then everyone AT HOME will be “in the know”!

*A Grassroots Advocacy Workshop* will be offered. Sarah Hanuske, State Public Policy Chairman will act as facilitator for a workshop designed to provide skills that are needed for better grassroots advocacy in branches and communities. Four small group exercises are focused on branch education and advocacy; meeting with an elected official; planning an issue forum; and working with the media. (This is a program that can be replicated in your branch.)

*“One shared World”, topic for a “Program in a Box”* will be presented by Gloria Blackwell, Staff Liaison in the Association’s International Affairs office in Washington. Blackwell’s presence at the Iowa annual conference has been enabled by a special grant which AAUW recently received. (This too is a program which can be replicated in local branches.)

*“Network against Human Trafficking”*, presented by Alex Orozco, director of the only advocacy group of it’s’ type in Iowa; will help participants understand this difficult topic about which we need to be informed. Orozco was successful this year in getting legislation passed this year at the state house enabling prosecution of those found to be involved in trafficking. VP Wilson writes, “The only way to stop this travesty on human rights is to be informed because it is happening right here in Iowa.”

*“Relation aggression among females”* will be presented by Kathy Nesteby, Coordinator of the Iowa Gender Specific Services Task Force, a group of juvenile justice professionals within the state of Iowa advocating equitable

services for girls with or at risk of involvement in the juvenile justice system. If you've ever wondered why "if relationships are so important to girls why they use them against each other" then this is a workshop you will want to attend.

#### **TWO ASSOCIATION GUESTS AT CONFERENCE MEETING**

In addition to featured speakers, Supreme Court Chief Justice, Marsha Ternus, and EF Fellow, Marta Maldonado, we will have two Association staff members as speakers and guests, Lisa Maatz, Director of Public Policy and Gloria Blackwell, Staff Liaison for International Relations.

#### **CALLING ALL LEADERS!**

Friday afternoon, April 20, between 12 and 3 p.m. (before the conference begins) Several experienced AAUW leaders, including Jan Mitchell, Marshalltown, Mary Ann Ahrens, West Des Moines will conduct a workshop designed for branch leaders. The Marshalltown branch has agreed to provide a dessert bar and coffee for the session.

#### **FOR IOWANS AND BY IOWANS**

The name of the Silent Auction 2007 to be held at the annual conference tells it all. EF director, Lida Sigg, and LAF Director, Carol Cooper urge you to "scour" your local artisans studios, vintage jewelry shops, specialty candy stores, vineyards and find items made by Iowans for Iowans to bring to the silent auction.

#### **INVITED TO WILMAR!**

The weekend after your conference in Marshalltown, April 27 -29 you are invited to hear Association president, Ruth Sweetser, when she speaks at the Minnesota state convention in Willmar. Registration materials are on the MN. website [www.aauwma.org](http://www.aauwma.org).
