

Change #	Page and Section	Motion	Rationale	Notes
0	Articles I-VII	The new articles from national AAUW do not require a motion		
1	Article VIII Section 3	Change Section "2" to "3"	Typo	
2	Article IX Section 1 b.	Delete "College/University Relations" as an appointed Director position	It is recommended this position's responsibilities be moved to the VP for Membership under Policies & Procedures	Discussion was held around deleting AAUW Fund Director with the recommendation that we more clearly understand the purpose of that position rather than deleting it.
3	Article IX Section 1b	Change "who may consult with the current Board" to "with the approval of the Board."	Approval rather than possible consultation ensures collaborative efforts and broader input.	
4	Article IX Section 3	Fix numbering of sub-section; currently underlined headings should be lettered a, b, c, d (removing the sub-section "3" & replacing with "b")	Formatting error	
5	Article IX Section 3b.	Add "Co-officers may be elected to alternating two-year terms."	While Article IX Section 1c already indicates that co-officers/directors may fill positions, adding this sentence under " <i>Rotation of elected officers</i> " makes clear that elected co-officers may be elected in alternate years so as to have one co-officer with experience.	
6	Article XII Committees Section 1a	Delete "College/University Relations" as a standing committee	These responsibilities would move to the Membership Committee	
7	Article XIV Section 4b3	Delete "Dues of new members may be paid at any time. The national portion of the dues paid by new members for less than a full year is determined by AAUW policy. The state Board of Directors may set a reduction for state dues."	This no longer applies since we have rolling membership and not just 7/1 to 6/30 each year	
8	Article XIV Section 4b3	Replace with "New members may join at any time of the year, paying state dues at that time and every 12 months at renewal."	This clarifies when state dues may be initially paid and renewed, given the nature of rolling membership.	
9	Article XV Section 2	Rename Section 2 "Setting the Annual Meeting"	Adds clarity to the understanding that while the Annual Meeting generally coincides with the Annual Conference, determining the Annual Meeting logistics is the responsibility of the board, not the Program Committee.	
10	Article XV Section 2	Replace with "The Board of Directors shall set the exact date, time, location, and format of the annual meeting."	This allows for future Annual meetings to occur virtually if desired	
11	Article XVII Section 2	Add "national" before AAUW Governance Committee	Adds clarity
